di Vittoria Romagnolo

L'allusività del pizzo, la tenerezza del tulle, il rigore del tessuto  
liscio, il riccicio.  
Raggi tiepidi rischiarano tableaux vivants animati da suggestioni  
pittoriche di ferrea bellezza. Prendersi e allontanarsi,  
l'abito bianco indica la via. Un prodigio consacrato dalla luce di  
una primavera carica di promesse. •
